Media Advisory

10 July 2015

Who

The Office of the High Representative for Least Developed Countries, Landlocked Developing Countries and Small Island Developing States (OHRLLS) is advocating for the world's vulnerable countries at the Third International conference on Financing for Development in Addis Ababa, Ethiopia.

What

The Third International Conference on Financing for Development (FFD) will gather high-level political representatives, including Heads of State and Government, and Ministers of Finance, Foreign Affairs and Development Cooperation, as well as all relevant institutional stakeholders, non-governmental organizations and business sector entities.

Commitments in the outcome document of the FfD Conference will largely determine the degree to which the world, in particular, the most vulnerable countries, will fulfil the aspirations to end extreme poverty, achieve sustainable economic and social development, protect the planet and build resilience to shocks.

In collaboration with other Member States UN-OHRLLS is organizing side events at the FFD conference which will highlight key issues affecting the vulnerable country groups.

Side events on vulnerable countries

This event is co-organised with Turkey, Sweden, Benin and Ethiopia.

High-Level Interactive Panel on Financing for Infrastructure Development and Regional Integration for Landlocked Developing Countries

Organised in partnership with Zambia, this event will provide a platform to raise awareness on the special infrastructure and regional integration needs of the Landlocked Developing Countries (LLDCs) and mobilise international support for raising additional resources for these countries.
