The establishment of SIDS NFPs is a response to the SAMOA Pathway, Paragraph 120 which expanded the advocacy mandate of OHRLLS by specifically calling upon OHRLLS to:

“ensure the mainstreaming of SAMOA Pathway and issues related to SIDS in the work of the UN system and enhance the coherence of SIDS issues in the UN processes, including at the national, regional and global levels, and continue to mobilize international support and resources to support the implementation of the Samoa Pathway by small island developing States”.
